MENU OF SERVICES

PROFESSIONAL TREATMENTS

STIMULATOR PEEL | \$99

This is the perfect peel, gentle enough for all skin types. An effective blend of AHAs provide immediately healthier, glowing skin with no downtime. Added antioxidants and anti-irritants neutralize free radicals and calm the skin.

HAND RENEWAL TREATMENT | \$75

This treatment restores hydration, softens dry, rough textured skin, and prevents future damage and signs of aging to the hands.

ANTI-AGING TREATMENT | \$125

This treatment is designed to restore hydration, smooth dry, rough texture, soften lines and strengthen skin to prevent future aging and skin damage.

ACNE + OIL CONTROL TREATMENT | \$120

This treatment decongests pores, absorbs excess surface oil, targets blemishes and prevents future breakouts.

SKIN BRIGHTENING TREATMENT | \$105

This treatment targets mild discoloration and restores a more even skin tone.

ULTRA HYDRATION TREATMENT | \$110

This treatment is designed to soothe skin and restore hydration in dry, dehydrated skin.

MENU OF SERVICES

COSMETIC PROCEDURES

MICROBLADING | \$300+

This is the most realistic form of semipermanent makeup which utilizes natural hair-like strokes. This service is best suited for those who already have a soft dusting of hair throughout their brows or for those with very little to no brow hair that is finely textured.

MICROBLADING COLOR-BOOST | \$200+

This can be scheduled for any Eyebrow appointment that is 12+ weeks after the last completed service.

EYELASH EXTENSIONS | \$115-300+

Eyelash extensions are semi-permanent and involve attaching synthetic or natural fibers to the natural lashes to make them appear longer, thicker, and darker.

EYELASH EXTENSIONS | \$65-150+ PER FILL

Depends on volume and length of the lashes.

STRETCH MARK RESTORATION | \$150+

A method of treating stretch mark scars to encourage a natural healing response from the body and to make them less visible.

STRETCH MARK RESTORATION TOUCH UP | \$60

Additional session for stretch mark restoration. This session occurs 6 weeks after the previous session, if needed.

MENU OF SERVICES

COSMETIC PROCEDURES

SCAR CAMOUFLAGE/STRETCH MARK CAMOUFLAGE | \$175+

Stretch mark and scar camouflage is a permanent makeup technique used to cover the discoloration of stretch marks and scars so they are less visible. Your artist will match the pigment to your skin tone and proceed to tattoo the pigment in the stretch mark/scar to create a more blended look.

SCAR + STRETCH MARK CAMOUFLAGE TOUCH UP | \$75+

Touch up for Stretch mark and scar camouflage.

RADIATION MARKER NEUTRALIZATION | \$50+

Radiation markers are small tattoos in the skin used to provide alignment to the desired treatment area and are used as a guide at each radiation treatment visit. Radiation Marker Neutralization is the neutralization of the old blue/green/black pigment into a brown that resembles a freckle/mole in the skin. This service does not get rid of the radiation marker tattoo, it only neutralizes it to appear as a freckle or a mole.
